VOLUME 66 NUMBER 6

JULY THROUGH DECEMBER, 1957

AMERICAN MEDICAL ASSOCIATION Publication

# AUTHOR AND TITLE INDEX TO VOLUME 66

In this Index in alphabetical order are the names of the authors of all articles and the presenters of cases in Society Transactions, followed by the title of the article or case presented and the page numbers on which their articles or cases begin. The asterisk (*) preceding the page number indicates an original article, case report, review article, or scientific exhibit.

For Subject Index see page [4].

## A

**Abbott, J. P.:** See **Dickson, J. C.,** jt. auth.

**Achar, M. V. R.:** Acute osteomyelitis of superior maxilla in infant, *248

**Alexander, L. W.:** Mobilization of stapes in otosclerosis by transtympanic technique, *383

**Altmann, F.:** Ear in severe malformations of head: discussion of formal and causal genetic factors involved, *7

**Andrade Pradillo, J.:** Cramps of professional voice, *624

## B

**Ballenger, J.:** Decannulating tracheotomized patient with poliomyelitis, 736

**Bast, T. H.:** Ossification of labyrinth in case of glomus jugulare tumor, 739

See **Bennett, M.,** jt. auth.

**Bell, H. L.:** Technique of tympanoplasty: report of case, *554

**Bennett, M.; ZuRhein, G. M., and Bast, T. H.:** Glomus jugulare tumor with intracranial extension: report of case exhibiting ossifying obliterative labyrinthitis, *257

**Bennett, T.:** See **Equen, M.,** jt. auth.

**Bergman, M.:** Binaural hearing, *572

**Biber, J. J.:** New operation for decompression in malignant exophthalmos, *266

**Bickford, R. G.:** See **Mahoney, J. L.,** jt. auth.

**Blanchard, C. L., and House, H. P.:** Two case reports of embryonal rhabdomyosarcoma with primary presentation in ear, *588

**Boyd, G. G.:** Otitis media, 489

**Briess, F. B.:** Voice therapy: part I. identification of specific laryngeal muscle dysfunction by voice training, *375

**Brown, R.:** See **Equen, M.,** jt. auth.

**Buckingham, R. A.:** See **Kodros, A.,** jt. auth.

**Byrd, M. L.:** See **Johnston, D. W.,** jt. auth.

## C

**Caparosa, R. J., and Zavatsky, A. R.:** Occlusal film: adjunct to roentgen diagnosis of nasal fractures, *503

**Coates, G. M.:** ama in action, *373

Sixth International Congress of Otolaryngology, *623

**Cohen, A.:** See **Siegenthaler, B. M.,** jt. auth.

**Conley, J. J.:** Facial rehabilitation following radical parotid-gland surgery, *58

**Corso, J. F., and Wilson, J. F.:** Additional variables on Bekesy-type audiometer, *719

## D

**Davis, R.:** See **Dickson, J. C.,** jt. auth.

**Davison, F. W.:** Effective antibiotic therapy, *714

**Dickson, J. C.; Abbott, J. P., and Davis, R.:** Special study in use of cold vaccine, *1

**Dolowitz, D. A.; Dougherty, T. F.; Higginbothan, R. D., and McNeil, C.:** Adrenal cortical influence on lymphatic tissue function, *245

**Dougherty, T. F.:** See **Dolowitz, D. A.,** jt. auth.

**Dowdy, A.:** See **Pressman, J. J.,** jt. auth.

## E

**Eisenberg, R. B.:** Study of repeatability of 1 decibel step pulsed-tone thresholds in normal hearing persons, *278

**Equen, M.; Roach, G.; Brown, R., and Bennett, T.:** Magnetic removal of foreign bodies from esophagus, stomach, and duodenum, *698

## F

**Fabricant, N. D.:** Topical temperature of clinically normal nasal and pharyngeal mucous membranes, *275

**Fields, M.:** See **Pressman, J. J.,** jt. auth.

**Fischer, A. J.:** Nasal surgery in children, *497

**Fowler, E. P.:** Intravascular agglutination of blood: major factor in otosclerosis, Meniere's disease, tinnitus, vertigo; neural deafness—total, partial, transitory, recurrent, progressive, *408

**Fowler, E. P., Jr.:** Histopathology of stapes ankylosis, *127

**Froeschels, E.:** Nose and nasality, *629

Question of origin of vibrations of vocal cords: clinical contribution, *512

## G

**Galloway, T. C.:** Laryngologists' aid in mass disaster, 605

**Gibbons, E. W., and Winchester, R. A.:** Delayed sidetone test for detecting uniaural functional deafness, *70

**Gilmore, J. H.:** Malignancies of nose and nasal accessory sinuses: roentgenological aspects, 596

**Glorig, A., and House, H. P.:** New concept in auditory screening, *228

**Godfrey, G. C., and Miller, J. M.:** Action of proteolytic enzymes on cooked meat, 99

**Guggenheim, P.:** Direct adenoidectomy: III, results, *26

## H

**Haas, L. L.:** Possibilities of betatron treatment in carcinoma of paranasal sinuses and of larynx, *165

**Harbert, F.:** Masking levels for clinical use, *214

**Sataloff, J., and Lerner, S. S.:** Effect of masking on induced conduction deafness, *584

**Harlan, W. L.:** See Mahoney, J. L., jt. auth.

**Henken, S. B.:** Diagnosis and treatment of laryngeal carcinoma: comparative study of Netherlands and United States, *679

**Higginbothan, R. D.:** See Dolowitz, D. A., jt. auth.

**Hitschler, W. J.:** Simple caloric test, 594

**Holcomb, A. L.:** Adjusting patient to hearing aid, *579

**Horwitz, I. D.:** Malignancies of nose and nasal accessory sinuses: indications for surgery, 596

**House, H. P.:** See Blanchard, C. L., jt. auth.

See Glorig, A., jt. auth.

**Hubert, A., and Vurdelja, N.:** Contribution to etiopathogenesis of pharnygitis sicca chronica, *533

**Hurst, G. W.:** See Schiff, M., jt. auth.

## I

**Ironside, W. M.:** Malignancies of nose and nasal accessory sinuses: indications for surgery, 597

## J

**Jensen, W. B.:** See Johnston, D. W., jt. auth.

**Jerger, J. F.:** Audiology: summaries of bibliographic material available in field of audiology for 1955, *192

**Johnston, D. W.; Jensen, W. B., and Byrd, M. L.:** Successful cardiac resuscitation following tetracaine reaction, *592

## K

**Kettel, K.:** Repair of facial nerve in traumatic facial palsies: results of decompression, nerve suture, and nerve grafting in 127 cases, *634

**Kobrak, H. G.:** Recent advances in diagnosis and treatment of conduction-type deafness, 611

**Kodros, A., and Buckingham, R. A.:** Anatomy of descending portion of facial nerve, 735

## L

**Lempert, J.:** Dry physiologically perfected fenestra nov-ovalis technique: technique for predictable restoration and conservation of serviceable hearing in clinical otosclerosis, *35

**Lerner, S. S.:** See Harbert, F., jt. auth.

**Leshin, N.:** See Lewy, A., jt. auth.

**Levine, R.:** Principles of use of steroids in otolaryngology, 740

**Lewy, A.:** Possible value of nontoxic concentrations of fluorine in prevention of deafness from otosclerosis and fibrosis: its possible value in prevention of other diseases, 603

**Shapiro, S. L., and Leshin, N.:** Functional examination of hearing: summaries of bibliographic material available in field of otolaryngology, *101

**Libby, R.:** See Pressman, J. J., jt. auth.

**Lodge, W. O.:** Excision and pari-passu repair of pharyngeal diverticula, *707

**Loewy, A.:** Malignancies of nose and nasal accessory sinuses: clinical diagnostic aspects 595

## Mc

**MacCormick, C. E. Munoz:** See Munoz MacCormick, C. E.

**McNeil, C.:** See Dolowitz, D. A., jt. auth.

## M

**Magalotti, M. F.:** Malignancies of nose and nasal accessory sinuses: indications for irradiation, 598

**Mahoney, J. L.; Harlan, W. L., and Bickford, R. G.:** Visual and other factors influencing caloric nystagmus in normal subjects, *46

**Meurman, Y.:** Congenital microtia and meatal atresia: observations and aspects of treatment, *443

Stapes mobilization in otosclerosis: personal and European experiences, *464

**Miller, J. M.:** See **Godfrey, G. C.,** jt. auth.

**Moore, P.:** See **Von Leden, H.,** jt. auth.

**Munoz MacCormick, C. E.:** Larynx in leprosy, *138

**Myerson, M. C.:** Experiences with transossicular mobilization of stapes, *480

## N

**Naunton, R. F.:** Clinical bone-conduction audiometry: use of frontally applied bone-conduction receiver and importance of occlusion effect in clinical bone-conduction audiometry, *281

**Neffson, A. H.:** Mucocele of sphenoid sinus, *157

**Negus, V.:** Evolutionary history of man from evidence of nose and larynx, *414

Function of paranasal sinuses, *430

**Nickerson, J. F.:** Simple method for calibration of earphones, *729

## O

**Obregon, G.:** Study of 100 cases of neck dissection, *54

**Ozaki, T.:** Prevention of adverse effects of streptomycin on ear, *673

## P

**Palva, T.:** Recruitment testing, *93

**Pearlman, S. J.:** Malignancies of nose and nasal accessory sinuses: summary, 600

**Pedersen, P. M.:** Adenoidectomy: evaluation of original technique, *517

**Peer, L. A., and Walker, J. C., Jr.:** Plastic surgery: summaries of bibliographic material available in field of otolaryngology for 1955, *172

**Pell, S.:** Relation of occupational noise exposure to loss of hearing acuity, *79

**Pradillo, J. Andrade:** See **Andrade Pradillo, J.**

**Pressman, J. J.; Dowdy, A.; Libby, R., and Fields, M.:** Observations on experimental use of radioactive isotopes within larynx of dog: notes on submucosal compartments of human larynx, *150

## R

**Rambo, J. H. T.:** New operation to restore hearing in conductive deafness of chronic suppurative origin, *525

**Ratko, A. L.:** Betatron therapy of laryngeal carcinoma, 601

**Rhodes, D.:** See **Siegenthaler, B. M.,** jt. auth.

**Rius, M.:** Vascular labyrinthine syndromes in light of new technique: labyrinthine iontophoresis, *537

**Roach, G.:** See **Equen, M.,** jt. auth.

## S

**Salinger, S.:** Paranasal sinuses: summaries of bibliographic material available in field of otolaryngology for 1954-1955, *307

**Saltzman, M.:** Presbycusis, *67

**Sanderson, B. A.:** Conservative management of chronic otitis media, *170

Removal of esophageal foreign bodies by external approach, *305

**Sataloff, J.:** See **Harbert, F.,** jt. auth.

**and Menduke, H.:** Presbycusis, *271

**Schechter, D. C.:** Aerotitis media, *117

**Schiff, M., and Hurst, G. W.:** Knife for cutting stapedius tendon, 489

**Shapiro, S. L.:** See **Lewy, A.,** jt. auth.

**Siegenthaler, B. M.; Cohen, A., and Rhodes, D.:** Additional data on bone-conduction shift when external auditory meatuses are occluded, *223

**Smith, P. H.:** Diagnostic problem of enlarged parotid gland, *734

## T

**Terkildsen, K.:** Movements of eardrum following intra-aural muscle reflexes, *484

## U

**Uhde, G. I.:** Problem of permeability and anesthesia of tympanic membrane, *391

## V

**Von Leden, H., and Moore, P.:** Larynx and voice: function of normal larynx, 735

**Vurdelja, N.:** See **Hubert, A.,** jt. auth.

## W

**Walker, J. C., Jr.:** See **Peer, L. A.,** jt. auth.

**Wallace, W. F., Jr.:** Deafness and businessman, *299

**Wallner, L. J.:** Effects of smoking on upper respiratory tract, *608

**Wilson, J. F.:** See **Corso, J. F.,** jt. auth.

**Winchester, R. A.:** See **Gibbons, E. W.,** jt. auth.

**Woodman, DeG.:** Laryngeal papillomata: surgical technique for removal of multiple obstructive recurrent papillomata of larynx, *233

## Z

**Zavatsky, A. R.:** See **Caparosa, R. J.,** jt. auth.

**ZuRhein, G. M.:** See **Bennett, M.,** jt. auth.

# SUBJECT INDEX TO VOLUME 66

The following Index contains an alphabetical list of significant subjects presented in this volume. Abstracts are indexed by category under the heading "Abstracts." Books reviewed are listed alphabetically by title under the heading "Books." Society transactions are listed under that heading, with individual papers indexed under appropriate headings. Notices of symposiums, lectures, postgraduate courses, and similar events are indexed under the general heading "Postgraduate education."

## A

Abstracts from Current Literature

ear, 236, 363, 614

larynx, 237, 364, 616

miscellaneous, 239, 366, 618

nose, 238, 365, 617

pharynx, 239, 364, 617

Adenoidectomy

evaluation of original technique [Pedersen], °517

direct: results [Guggenheim], °26

Adrenal cortex

influence on lymphatic tissue function [Dobowitz et al.], °245

Aerotitis: See also Otitis

media [Schechter], °117

Anencephaly

ear in nonviable fetuses with [Altmann], °7

Anesthesia

of tympanic membrane [Uhde], °891

Antibiotics

effective therapy in otolaryngology [Davison], °714

Apparatus

knife for cutting stapedius tendon [Schiff & Hurst], 489

Audiology

clinical: See Hearing, testing

summaries of bibliographic material available in 1955 [Jerger], °192

Audiometer

Bekesy-type: variables on [Corso & Wilson], °719

## B

Betatron

possibilities of treatment with, in carcinoma of paranasal sinuses and larynx [Haas], °165

therapy of laryngeal carcinoma [Ratko], 601

Blood

intravascular agglutination as major factor in otosclerosis, Meniere's disease, tinnitus, vertigo, and deafness [Fowler], °408

Books

A. M. A. Scientific Exhibits 1956 [Scientific Assembly, American Medical Association], 494

Chemosurgery in Cancer, Gangrene, and Infections [Mohs], 370

Industrial Deafness: Hearing Testing and Noise Measurement [Sataloff], 493

Lehrbuch der Nasen- und Halsheilkunde und der Endoscopie der Speiserohre und der Luftwege [Luscher], 619

Oral Cancer and Tumors of Jaws [Sharp et al.], 370

Ortho- und Pathobiologie des Labyrinthes als Grundlage der dystonischen und dystrophischen Erkrankungsprozesse des Innenohres [Wittmack], 619

Otolaryngology in Five Loose-Leaf Volumes and Desk-Index [Coates et al., eds.], 370

Oto-rhino-laryngologie infantile [Lemariey & Muller], 619

Oto-Rhino-Laryngology in Relation to Neurology [Lemoyne], 493

Principles and Art of Plastic Surgery [Gillies & Millard], 369

## C

Caloric test, simple [Hitschler], 594

Cold vaccine

use: special study [Dickson et al.], °1

Corticosteroids

use in otolaryngology [Silcox], °710

## D

Deafness: See under Hearing, loss

Directory of Otolaryngological Societies, 243, 371, 495, 621, 747

Duodenum

foreign bodies: magnetic removal [Equen et al], °698

## E

Ear

microtia, congenital, and meatal atresia: observations and treatment [Meurman], °443

plastic surgery: bibliographic material available in 1955 [Peer & Walker], 176

Ear—continued

prevention of adverse effects of streptomycin on [Ozaki], °673

in severe malformations of head: formal and causal genetic factors [Altmann], °7

rhabdomyosarcoma, embryonal: 2 cases with primary presentation in [Blanchard & House], °588

Eardrum: See Tympanic membrane

Earphones

calibration: simple method [Nickerson], °729

EDITORIALS

ama in action [Coates], °373

Sixth International Congress of Otolaryngology [Coates], °623

Esophagus

foreign bodies: magnetic removal [Equen et al.], °698

foreign bodies: removal by external approach [Sanderson], °305

impacted with cooked meat: action of proteolytic enzymes in treatment [Godfrey & Miller], 97

and pharynx: plastic surgery: bibliographic material available in 1955 [Peer & Walker], 186

Evolution

human: evidence from nose and larynx [Negus], °414

Exophthalmos

malignant: new operation for decompression in [Biber], °266

Eye

plastic surgery: bibliographic material available in 1955 [Peer & Walker], 175

F

Face

plastic surgery: bibliographic material available in 1955 [Peer & Walker], 173

rehabilitation following radical parotid-gland surgery [Conley], °58

Facial nerve

descending portion: anatomy [Kodros & Buckingham], 735

repair in traumatic facial palsies [Kettel], °634

Fenestration

fenestra nov-ovalis technique, dry, physiologically perfected, for predictable restoration and conservation of serviceable hearing in otosclerosis [Lempert], °35

Fluorine

possible value of nontoxic concentrations in prevention of deafness from otosclerosis and fibrosis: possible value in prevention of other diseases [Lewy], 603

Fractures

of face and jaw: plastic surgery: bibliographic material available in 1955 [Peer & Walker], 186

G

Glomus jugulare

tumor of, with intracranial extension: case exhibiting ossifying obliterative labyrinthitis [Bennett et al], °257

tumor of : ossification of labyrinth in [Bast], 739

H

Harelip

and cleft palate: plastic surgery: bibliographic material available in 1955 [Peer & Walker], 180

Head

malformations, severe, ear in [Altmann], °7

Hearing

acuity: relation of occupational noise exposure to loss of [Pell], °79

loss, conduction, induced: effect of masking on [Harbert et al], °584

loss: deafness and businessman [Wallace], °299

loss: intravascular agglutination of blood as major factor in [Fowler], °408

loss: new operation to restore hearing in conductive deafness of chronic suppurative origin [Rambo], °525

loss: possible value of nontoxic concentrations of fluorine in prevention of deafness from otosclerosis and fibrosis [Lewy], 603

loss: presbycusis [Salztman], °67

loss: presbycusis [Sataloff], °271

loss: recent advances in diagnosis and treatment of conduction-type deafness [Kobrak], 611

testing: additional variables in Bekesy-type audiometer [Corso & Wilson], °719

testing: clinical bone-conduction audiometry [Naunton], °281

testing: data on bone-conduction shift when external auditory meatuses are occluded [Siegenthaler et al], °223

testing: delayed sidetone test for detecting unilateral functional deafness [Gibbons & Winchester], °70

testing: effect of masking on induced conduction deafness [Harbert et al.], °584

testing: functional: summaries of bibliographic material [Lewy et al.], °101

testing: masking levels for clinical use [Harbert], °214

testing: new concept in auditory screening [Glorig & House], °228

testing: repeatability of 1 db. step pulsed-tone thresholds in normal hearing persons [Eisenberg], °278

testing: recruitment [Palva], °93

testing: simple method for calibration of earphones [Nickerson], °729

Hearing aids

adjusting patient to [Holcomb], °579

## I

Iontophoresis

labyrinthine: vascular labyrinthine syndromes in light of [Rius], *537

Isotopes

radioactive: experimental use in larynx of dog [Pressman et al.], *150

## J

Jaw

plastic surgery: bibliographic material available in 1955 [Peer & Walker], 184

## L

Labyrinth

ossification in case of glomus jugulare tumor [Bast], 739

vascular syndromes in light of new technique labyrinthine iontophoresis [Rius], *537

Labyrinthitis

obliterative, ossifying, in case of glomus jugulare tumor [Bennett et al.], *257

laryngologists' aid in mass disaster [Galloway], 605

Larynx: See also Vocal cords

carcinoma: betatron therapy of [Ratko], 601

carcinoma: comparative study of diagnosis and treatment in Netherlands and United States [Henken], *679

carcinoma: possibilities of betatron treatment [Haas], *165

evidence from, in evolutionary history of man [Negus], *414

in leprosy [Munoz MacCormick], *138

muscles: identification of dysfunction of specific muscles by voice testing [Briess], *375

papillomata, multiple: surgical technique for removal [Woodman], *233

radioactive isotopes: experimental use in larynx of dog [Pressman et al.] ,*150

and voice: function of normal larynx [Von Leden & Moore], 735

Leprosy

larynx in [Munoz MacCormick], *138

Lips

plastic surgery: bibliographic material available in 1955 [Peer & Walker], 180

## M

Maxilla: See also Jaw

superior: osteomyelitis, acute, in infant [Achar], *248

Meniere's disease

intravascular agglutination of blood as major factor in [Fowler], *408

Microtia: See under Ear

## N

Neck dissection

study of 100 cases [Obregon], *54

News and Comment, 242, 368, 492, 620, 745

Noise

occupational: relation of exposure to, to loss of hearing acuity [Pell], *79

Nose

evidence from, in evolutionary history of man [Negus], *414

fractures: occlusal film as adjunct to x-ray diagnosis [Caparosn & Zavatsky], *503

malignancies of nasal accessory sinuses and, 595

mucous membranes, clinically normal: topical temperature [Fabricant], *275

and nasality [Froeschels], *629

plastic surgery: bibliographic material available in 1955 [Peer & Walker], 19

surgery, in children [Fischer], *497

Nystagmus

caloric: factors influencing, in normal subjects [Mahoney et al.], *46

## O

Osteomyelitis

acute, of superior maxilla in infant [Achar], *248

Otitis

media: case [Boyd], 489

media, chronic: conservative management of [Sanderson], *170

media, suppurative, chronic: new operation to restore hearing in conductive deafness due to [Rambo], *525

Otocephaly

ear in nonviable fetuses with [Altmann], *29

Otolaryngology

corticosteroids in [Silcox], *710

steroids in: principles of use [Levine], 740

therapy [symposium], *710

therapy, antibiotic [Davison], *714

Otosclerosis

deafness due to: possible value of nontoxic concentrations of fluorine in prevention of [Lewy], 603

fenestra nov-ovalis technique for predictable restoration and conservation of serviceable hearing in [Lempert], *35

intravascular agglutination and blood as major factor in [Fowler], *408

mobilization of stapes in: personal and European experiences [Meurman], *464

mobilization of stapes by transtympanic technique [Alexander], *383

## P

Palate

cleft, and harelip: plastic surgery; bibliographic material available in 1955 [Peer & Walker], 180

Paralysis

facial, traumatic: repair of facial nerve in [Kettel], *634

Paranasal sinuses

carcinoma: possibilities of betatron treatment [Haas], *165

function [Negus], *430

malignancies of nose and, 595

possibilities of betatron treatment in [Haas], *165

sphenoid: mucocele of [Neffson], *157

summaries of bibliographic material available for 1954-1955 [Salinger], *807

Parotid gland

enlarged: diagnostic problem of [Smith], *734

surgery, radical: facial rehabilitation following [Conley], *58

Pharynx: See also Pharyngitis

diverticula: excision and pari-passu repair [Lodge], *707

esophagus and: plastic surgery: bibliographic material available in 1955 [Peer & Walker], 186

mucous membranes, clinically normal: topical temperature of [Fabricant], *275

Pharyngitis

sicca chronica: etiopathogenesis [Hubert & Vurdelja], *533

Poliomyelitis

decannulating tracheotomized patient with [Ballenger], 736

Postgraduate education

American Academy of Ophthalmology and Otolaryngology: home study course, 242, 368

British Columbia Oto-Ophthalmological Conference, 620

International Voice Conference, 745

Pan-Pacific Surgical Association: 7th Congress, 492

Sixth International Congress of Otolaryngology [Contes], *623

Presbycusis: See under Hearing, loss

## R

Radiation: See also Betatron

Recruitment phenomenon

testing [Palva], *93

Respiratory tract

upper: effect of smoking on [Wallner], 608

Rhabdomyosarcoma

embryonal: 2 cases with primary presentation in ear [Blanchard & House], *588

Roentgen rays: See X-rays

## S

Sinuses, nasal accessory: See Paranasal sinuses

Society news

American Association for Cleft Palate Rehabilitation, 745

Society Transactions

Chicago Laryngological and Otological Society, 603, 608, 785, 739

Chicago Laryngological and Otological Society and Chicago Roentgen Society, 595

Sphenoid sinus: See under Paranasal sinuses

Stapedius tendon

knife for cutting [Schiff & Hurst], 489

Stapes

ankylosis: histopathology [Fowler], *127

mobilization in otosclerosis: personal and European experiences [Meurman], *464

mobilization in otosclerosis by transtympanic technique [Alexander], *883

mobilization, transossicular [Myerson], *480

Steroids: See also Corticosteroids

in otolaryngology: principles of use [Levine], 740

Stomach

foreign bodies: magnetic removal [Equen et al.], *698

Streptomycin

prevention of adverse effects of, on ear [Ozaki], *673

Surgery

nasal, in children [Fischer], *497

plastic, summaries of bibliographic material available in 1955 [Peer & Walker], *172

## T

Tetracaine

reaction to: successful cardiac resuscitation following [Johnston et al.], *592

Tinnitus

intravascular agglutination of blood as major factor in [Fowler], *408

Tobacco

effect of smoking on upper respiratory tract [Wallner], 608

Tracheotomy

decannulating tracheotomized patient with poliomyelitis [Ballenger], 736

Tympanic membrane

movements following intra-aural muscle reflexes [Terkildsen], *484

permeability and anesthesia [Uhde], *391

Tympanyplasty

technique and case [Bell], *554

V

Vertigo

intravascular agglutination of blood as major factor in [Fowler], *408

Vocal cords

vibration of: origin [Froeschels], *512

Voice

larynx and: function of normal larynx [Von Leden & Moore], 735

nasality of: role of nose in [Froeschels], *629

professional: cramps of [Andrade Pradillo], *624

therapy: identification of specific laryngeal muscle dysfunction by voice testing [Briess], *375

X

X-rays

diagnosis of nasal fractures: occlusal film as adjunct [Caparosa & Zavatsky], *503
